

LOYOLA COLLEGE OF SOCIAL SCIENCES THIRUVANANTHAPURAM

CRITERIA 3- RESEARCH, INNOVATIONS AND EXTENSION

3.2- Innovation Ecosystem

3.2.2 Number of workshops/seminars conducted on Intellectual Property Rights (IPR) and Industry-Academia Innovative practices during the last five years

3.2.2.1: Total number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship year wise during last five years

Workshop on Statistical Tools

Report for the workshop on Statistical tools for Research

Date	7 & 8 th October 2021
Title of the Workshop	Workshop on the importance of statistics in research
Resource Person	Dr Prakash Pillai.R
No of Participants	Day 1 :- 47 Day 2 :- 45

The workshop was organised under the auspices of Loyola Research center on the topic statistical tools for research. Even with the availability of many computerised statistical packages, it is important that the researcher has clarity regarding the various statistical methods and tools available at their disposal. Having a detailed knowledge about the various statistical approaches and its implications goes a long way in ensuring clarity and enhancing the quality of the research. It was in this context, the Loyola Research centre came up with an idea to conceive such a workshop enlightening the students regarding the nuances of statistical methods.

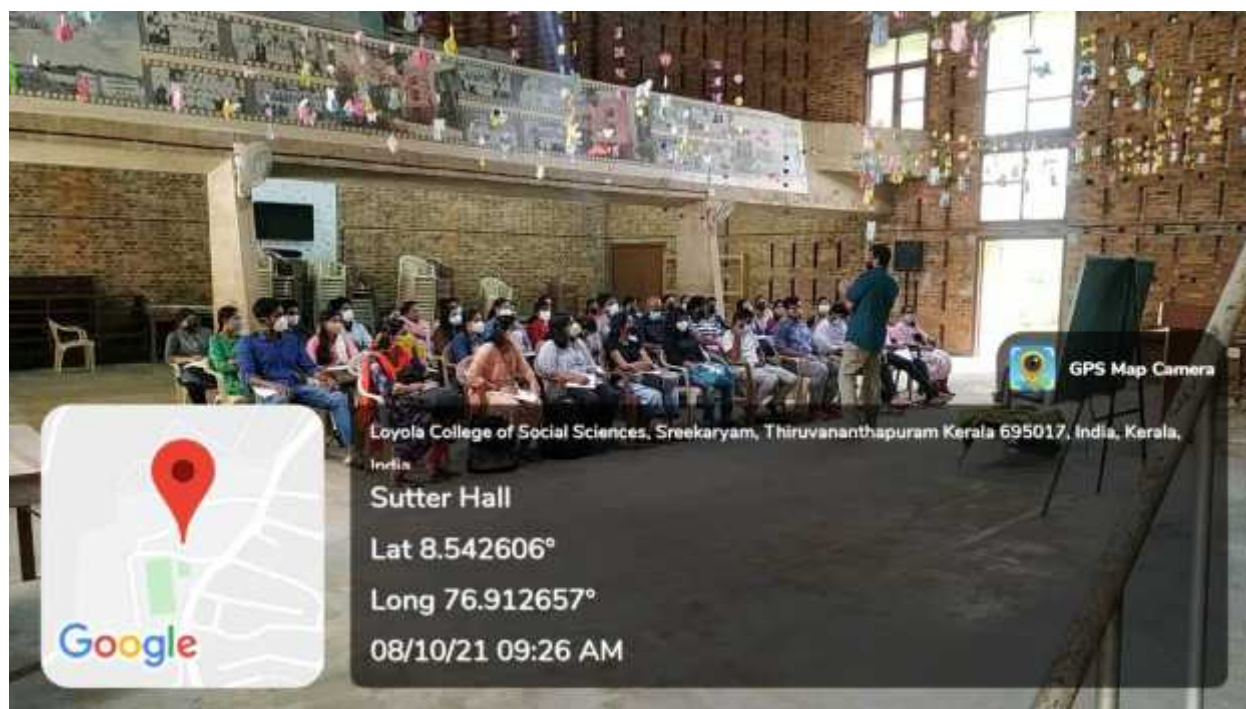

The workshop was envisaged as an internal workshop with entry restricted to the students and research scholars of Loyola College. Due to the Covid protocol, accommodating a large audience was not practical and hence it was decided to limit the participants to 50. Since our PG students are entering into the dissertation phase, it was observed that it will be beneficial to provide them with the opportunity to participate in this workshop. Our student community embraced the opportunity with enthusiasm and was an active presence over the two days of the workshop.

Dr Prakash Pillai , HoD, Department of Personnel management was identified as the resource person for the workshop.

Topics Covered in the workshop

7/10/2021 Forenoon	<ul style="list-style-type: none">✓ Introduction to statistics✓ Collection of Data
7/10/2021 Afternoon	<ul style="list-style-type: none">✓ Preparation of data✓ Processing of data
8/10/2021 Forenoon	<ul style="list-style-type: none">✓ Analysis of Data✓ Descriptive analysis techniques✓ Inferential analysis techniques
8/10/2021 Afternoon	<ul style="list-style-type: none">✓ Presentation and categorization✓ Practical exercises
