Placement Cell Report 2016-2021

Placements 2016-2021

Placements has been a strength for Loyola. For this endeavour we have had various collaborators like m/s Ikan Associates, Consortium of Experts and Mahindra Pride besides other trainers. We have had the active support of Dr.Ajith Sankar (MSW2001) who has been helping us for the past decade and a half. Ajith brings his experience promoting Hages Business Corporate, CoX and at present Eram Group in Technopark. The latter's involvement over the past several years has prepared our students for employment readiness.

We also exposed the students to the alumni by way of individual interactions with former MSWs from various walks of life vide the "Meet Excellence Series" and "Meet Alumni Series of Talks". Other opportunities to orientation was in the form of 'Elevator Pitch" for Kanthari 'Participants'. There were other programs such as research, conferences and symposiums; these initiatives under the initiative of the LIFE Scholars to generate ideas and entrepreneurship. The years 2015-2017 has a host of opportunities also to engage in sporadic opportunities to focus on social entrepreneurship besides mega job-fairs, and campus placements.

2016

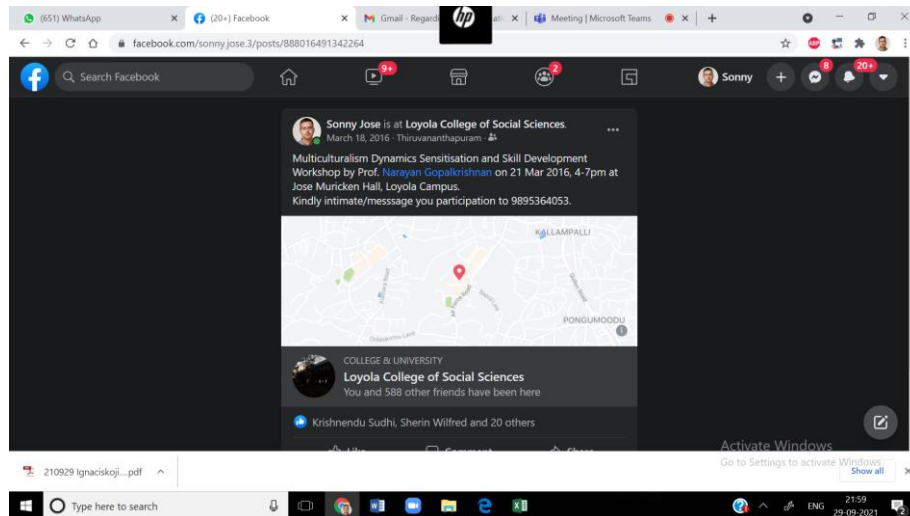

12 February 2016 witnessed an incubation and handholding event. Mr.Anish Pappachen requested for an entrepreneurship pitch for Fish Net, where in they had proposed a business which would provide a conduit for reaching fresh catch cleaned and packed to end-consumers using mobile networks as communication and logistics. The panel of four assessed the feasibility of the Start-up idea. It was approved and launched four 7 weeks later as Fishnet. The business was later sold off to a fast-food group a year later when Anish Pappachen had to take up higher responsibilities at EY.

The participants included:

1. Nigerian Youth Ambassador Afer Lawrence Alaba (formerly a Kanthari Catalyst)
2. Lenin Raj (Director, TSSS)
3. Rinku Nair (Catalyst, Kanthari)
4. Ajith Pozhiyoor (youth leader from Pozhiyoor fishing village)

Entrepreneurial Initiative Oct 10, 2016 #EkoLife

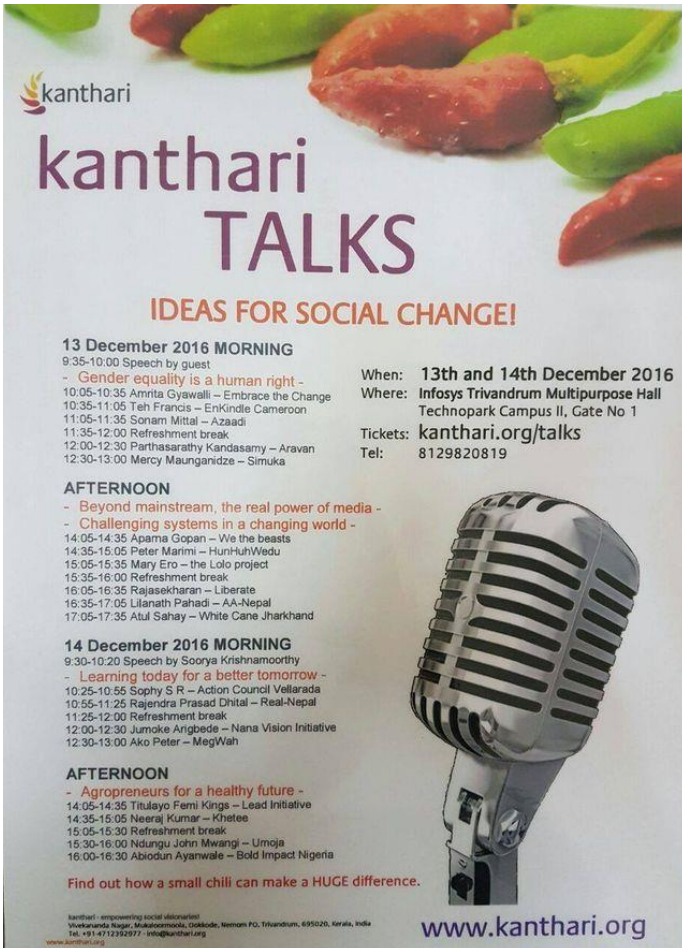

Hosted by an initiative of alumni and student was one of the missions of EkoLife is to engage ecosystem people (indigenous), encourage their arts and craft, as well as promote education among them. The visit to these *ooru* provided our EkoLifers - Preetha Menon, R Salini, Gayathri Krishna, Reena Souparnika - a rich picture of the life situations of the indigenous people in their heartlands. Lot of interference by local lobbys and vested interests disrupt the tribal economy and hinder development. There is a good scope for intervention esp with the children. There are many dropouts too. We intend to associate with 'urav' as a platform to launch our work.. we mobilised study materials and books for their Library 'urav'. 📖

3-5 July 2019 - Mahindra Pride Project Placement Training

3-5 July 2019 - Mahindra Pride Project was initiated by Cynthia Lavin. Ms. Shana Samuel was the key resources person.

Dear Sir,
Greetings From Mahindra Pride Classroom!!!

Mahindra Pride Classroom expresses its deepest sense of gratitude for being part of the training project with Loyola College of Social Sciences. This wouldn't have been possible without your support, and we wouldn't be doing any justice to you all by just expressing our gratitude in mere words.
Nevertheless, the 3 Day training program that we conducted in your esteemed institution for the final year students in Employability Skills received acceptance with few hiccups. Many students while interacting with the trainers at the end of all sessions shared that they could sense a positive impact in the sessions and also, they found the training sessions were enlightening. It was a noble experience for our team.

The facilities Loyola College of Social Sciences has arranged for the program was well organized. We thank the Rector and Manager, Principal, Dr. Sabu P Thomas SJ-Vice Principal, Mr. Sonny Jose as well as all the staff in the Institution for giving us immense support throughout the program. Kindly accept our appreciation for your hospitality and support.

Once again, Team MPC would like to convey our sincere gratitude to you and your exceptional college fraternity for the unconditional support shown to us.

Regards,

Report on Mahindra Pride Classroom Preplacement Training

Program	Mahindra Pride Classroom
Date	3-5 July 2019
Time	9.30-4.00 pm
Objectives	1. To impart Preplacement Training 2. To bring about dispositional and attitudinal change 3. To impart Soft Skills 4. To impart Interview Skills
Coordinating Teacher	Sonny Jose, Placement Officer

Introduction:

The MPC was Employability Training Program scheduled for 6 hours on three days. First Session from 9.30-11.15am, Second Session from 11.20 am - 1.30pm and Third Session from 2.00-4.00pm. The Day One about Myself and Communicating Myself and basically incorporated Life Skills and Soft-skills was handled by Ms. Shana Sam. The second day was about interview preparation by Ms. Gayathri Nair and included sessions specifically on interview skills and soft skills. The third day handled by the duo provided a run up to interviews and ended up with interviews with the participants.

Evaluation

The participants were about 56 when we started off, but dwindled to 40 and much more on the third day. The students generally enjoyed the program especially the inputs by Shana Sam. Gayathri seemed to be oriented on HR and basically took an approach of training a Technical group. The way in which softskills especially entry skills were imparted appeared to be too harsh on the students. They in a way rebelled by tuning up for the interviews against her advice for 'formal' attire. Feedback has been provided to Ms. Cynthia Lavin, Project Coordinator MPC.

Introduction

The MPC was Employability Training Program scheduled for 6 hours on three days. First Session from 9.30-11.15am, Second Session from 11.20 am - 1.30pm and Third Session from 2.00-4.00pm. The second day was about interview preparation by Ms. Gayathri Nair and included sessions specifically on interview skills and soft skills. The third day handled by the duo provided a run up to interviews and ended up with interviews with the participants.

Day One

The meeting room by Mahindra Pride class room was initiated by Ms. Shana Sam (Trainer) at 9.30am by a session on the theme "Self-awareness", wherein trainees were asked to make a name tag of themselves in a creative way to bring out the uniqueness in each trainee. Later on, the trainees were asked what they would like to become if they were not the person they are today and all were made to share their opinion on the same. After the session at 11.00am, the trainees went out for tea.

The next session initiated by the trainer handling our leaves from a particular area and dividing the trainees into groups, wherein the trainees were assigned the duty of clearly observing the leaf which each group has got and then giving each leaf back to the trainer, where the could call all the groups to identify that leaves and collect it so as to make the trainees understand that each individual is unique like the leaves they get.

The session further focused on bringing out the positives of members in groups by making them draw using both the right and left hands on paper, where they were made to write their positives on fingers drawn and then asked to circulate the sheets with each member in the group after folding the sheet and members were asked to write positions of each of the members in the group. Ms. Shana asked to count the number of positives they have got from other members and compare the same with the one they have written for themselves to make trainees understand that each individual have their own positives where some have already identified and some have to analyse themselves more.

After the activity trainees were made to sit in groups and were provided sheets indicating various ethical behaviours which had to be marked against corresponding months so as to help trainees understand on how to handle situations.

At 1.30pm trainees went to have lunch, after lunch the session began by a problem-solving game of building human and reflections were taken on the same. After the game, the participants were given extemporaneous speech making by dividing them into groups, where everyone was made to talk upon each topic on a count of five and the trainees were made to do extemporaneous any place they are comfortable and practice it.

Day Two

The session started at 10.00am and was initiated by Ms. Gayathri. The session started off by an introduction of the activities scheduled and further by giving an overall idea of "how" to attend an interview inside the factors to be concerned, while facing an interview. She provided a format of resume and helped trainees to understand on how to prepare a resume. The morning session was completely focused on how to face an interview and also on resume preparation.

Report on Mahindra Pride Classroom Employment Training

As 13000 students were to have been and after having lunch students were given games to complete them and single difference between group work and team work. The students were given a chance to make their own decision about the importance of being team and working in a group. The students were engaged in Group like 'The Longest Paper Tower' and 'Balloon and Toothpick' in order to make the students understand the importance of working in a team.

Day 2

The session on Group discussion was jointly engaged by Mrs. Shama and Mrs. Ganesha. They engaged the group on how to perform in a group discussion and also on the role to be performed with, while attending a Group discussion. The students were divided into group of two, where the group was further divided into sub-groups of two, where one group will be attending a group discussion while the other observe the students performing and provide a feedback. This was followed by feedback from the judge on the scene. After the evaluation, students were asked to share their experiences and the students were on all 13000.

Evaluation

- Most interview sessions conducted was very helpful to the students as it could understand about the format in which students have to be prepared for the interviews conducted while facing an interview.
- Both the students were very responsive at their work which was helpful to the students and could complete almost all the work concerning the training. The students had meaningful activities and examples provided them more the students could learn to.
- Examples were given from the experience of the students relevant to each activity.
- Free sessions were very meaningful for many of the students relevant to each activity.
- Most of the students were confident in their own abilities in the use of language.
- It would have been better if the students were given more of the use of language.
- As MOW students have already got a training before on job training, students with a reputation on the scene.
- Training could have been more on.
- The content was not sufficient at the first day.
- The way the students suggested behaviour were not according to the students.
- It was one day that the program was completed in a three-day module instead of the regular 10-day module as originally visualized by the students.

General Evaluation & Suggestions

The participants were about 10 when we started off, but declined to 40 and much more on the third day. The students generally enjoyed the program especially the games by them. Games seemed to be enjoyed as they had fun while not appearing to be a training. The way in which students were engaged in the program was very helpful to the students. The students were given a chance to make their own decision about the importance of being team and working in a group. The students were engaged in Group like 'The Longest Paper Tower' and 'Balloon and Toothpick' in order to make the students understand the importance of working in a team. To whomsoever it may concern

This is to state that I have known Teslin Jose from 2012, in my capacity as her professor and the Head of Department - Social Work at Loyola College of Social Sciences, Thiruvananthapuram, where she joined for the Master of Social Work program, specializing in Medical and Psychiatric Social Work.

As part of the MSW program, I taught her SW2.1.3 Psychology for Social Work (Semester 1), SW2.2.2 Theory and Practice of Counselling (Semester 2), SW2.3.1A Medical Social Work as well as SW2.3.2 Community Healthcare and Health Administration (Semester 3), and SW2.4.2 Contemporary Social Work Interventions (Semester 4). I have come to know her quite well, having interacted with her in consecutive semesters. She had completed her masters in a satisfactory grade (Third class) in spite of her personal struggles and setbacks along the circumstances.

As part of her studies, she had completed 1200hrs on fieldwork. She did her concurrent fieldwork under the Integrated Child Development Scheme for a duration of 240 hours (during Semester I), and subsequently undertook her Mock placements for a duration of 240 hours each, at the pioneering BOSCO (Street Children Rehabilitation Center, Bangalore), Lissie Hospital (Ernakulam), Chaitanya Mental Health Center (Pune), and Sohehdang (Bangalore) a holistic care centre for people living with HIV/AIDS administered by Carmelites, Karnataka. She had also undertaken a dissertation on the 'psychosocial problems of the female spouses of the cancer patients' at the Institute of Palliative Medicine (IPM), Kozhikode.

Personally, I have observed Teslin to be a leader, besides being a good team player going out of her way to assist other team members to achieve their own objectives. She was the leader of the team, which won overall championship at the Rendezvous 2014 - All Kerala Social Work Colleges and Practitioners Meet. She had been a very active person in extracurricular activities, besides being an excellent singer.

Considering her keen interest and determination in pursuing higher studies, I am confident in recommending Teslin Jose for the Masters program to your esteemed University. Do feel free to contact me on somey.jose@gmail.com or +919895644053 for any other clarifications.

Binu Sankar (E&Y) called around 5.19 to discuss the proposition regarding internship with E&Y and explained that the JD (Job Description) only required data entry proposition which Engineering graduates would also be interested given the context of COVID and no options for jobs. But the same would not convert into permanent positions as would have the ContractDirect proposition.

Sonny requested him to consider both ongoing students as well as the immediate passouts, so they are exposed to Project Management. Binu asked the students to send in their resumes. The same was discussed with Feba KR.

LETTER OF RECOMMENDATION

This is to state that I have known **Mr. Tison Thomas** from 2018, as a student for the Master's in Social Work Degree Program. I taught him Psychology for Social Work (Semester-1), Theory and Practice of Counselling (Semester-2), Medical Social Work, Community Health Care and Health Administration (Semester-3), and Integrated Social Work Interventions (Semester-4). I have interacted with him in close quarters in connection with academic and non-academic activities and it is with happiness that I welcome his decision to pursue advanced education.

Personally, I observe him to be a genuine, hardworking, and dedicated student, who was vibrant and active during his college life. He has a good academic record and completed his MSW in First Class. He possesses adequate professional knowledge and skills in social work, and also demonstrates empathy for work with individuals, groups, and communities. It is also highly commendable that Mr. Tison has cleared the University Grants Commission's National Eligibility Test in 2020, qualifying him to teach social work.

As part of the academic activities, Mr. Tison did his concurrent field work in two different ICDS centres in Thiruvananthapuram District, where he successfully organized local community and took initiative to promote mental, social, and economic well-being of the people especially that of women and children in collaboration with government system. He also did block fieldwork placements in Sreebhavan (Community Rehabilitation Centre for the Differently-abled), National Institute of Speech and Hearing, and Marumathi (a psychiatric rehabilitation centre), Kozhikode.

Mr. Tison also took special initiative to organize various programmes at the Jayamathi Boys' Home as part of his field work for the span of almost four months. He was the back bone of this initiative and took leadership in organizing other team members, planning and executing the activities - counselling, conducting seminars, life-skills, games and
